INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Jacksonville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories.

Confidence in the growth of Jacksonville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Jacksonville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Jacksonville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Jacksonville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Jacksonville, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite

826237

the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the city Directory in Directory Libraries where they are readily available for free public reference and serve as perpetual and reliable advertisements of Jacksonville.

The Jacksonville Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Jacksonville City Directory, a Directory Library is maintained in the offices of the Greater Jacksonville Chamber Of Commerce, for free reference by the general public. This is one of over 800 Directory Libraries installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

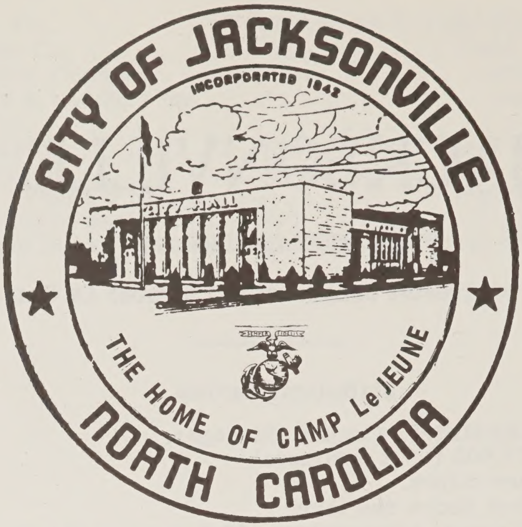
JACKSONVILLE, NORTH CAROLINA

General Review

Jacksonville is located on the scenic banks of New River in the south coastal area of North Carolina, 37 miles southwest of New Bern, and 51 miles northeast of Wilmington.



The Government of the City of Jacksonville is the Council-Manager form. The Mayor is elected at large, and the four members of the Council are elected from the four wards of the City. The City Manager is appointed by the Council, and is charged with the administration of the City's affairs and is responsible to the Council. To advise and assist the Council and the Manager, there are the following advisory commissions and boards, The Planning and Zoning Board, the Recreation Commission, Cemetery Commission, Board of Adjustments and Review, Airport Commission, Streams and Waterways Committee, and the Streets and Parking Committee.

The Jacksonville Daily News is published every weekday and Saturday afternoon, and is distributed in Onslow County by carrier. A subscriber of United Press International News Service, the Jacksonville Daily News covers all Marine, local, state and international news. A Washington correspondent covers Marine headquarters.

Four modern radio stations serve the Jacksonville area, WXQR, WJNC have been on the air since 1945, WLAS opened during 1956 and WBBS opened in 1968. They have always been alert and quick to serve the best interest of Jacksonville and Onslow County.

TV reception reaches Jacksonville from at least four regular stations. WITN—Washington—Channel 7 (NBC affiliant), WECT—Wilmington—Channel 6 (NBC affiliant), WNCT—Greenville—Channel 9 (CBS affiliant), and WETI—New Bern—Channel 12 (ABC affiliant).

Jacksonville is truly an example of this nation's greatness in that the freedom of religion is practiced. We have the Methodist, Baptist, Lutheran, Roman Catholic, Presbyterian, Mormon, Holiness, Pentecostal, Jewish and Episcopal Churches.

In Jacksonville, business firms offering all types of merchandise and services total in excess of 400.

There are over 200 buses leaving and entering Jacksonville daily, the Seaboard Coast Line offers daily freight service.

Tourist accommodations in Jacksonville are numerous. There are hotels and many fine motels.

A County Hospital completely equipped with facilities assist our doctors in keeping our citizens in good health. Among the new items is an X-ray Machine, presented through the local Cancer Society by the citizens and Marines of Onslow County. In addition to its fine surgical and mechanical instruments and machines, the hospital is capably staffed with outstanding men and women who are our doctors, nurses and managerial staff. A new 160-bed hospital will be completed in 1973.

The climate in Jacksonville is classified as mild throughout the year, with a temperature seldom below freezing during January, February and March, ascending to 90 and 100 during July and August.

Rainfall	56.14 inches
Snowfall	1.9 inches
Mean annual Temperature	60.6 degrees

Metropolitan Jacksonville is one of the fastest growing communities in the State of North Carolina. The growth has been of such proportion that it is almost impossible to give in any concise manner, an idea of all the changes that have occured and to interpret what all the changes in the civic, social and business life of the City mean to those who live here.

The population statistics for the City of Jacksonville show the reason for the increased services and needs of the Community. As can be seen from the following table, Jacksonville's population has more than tripled in the short time between 1950-1956.

Year	Population
1940	873
1950	3,960
1960	13,491
1970	16,202
1973 (estimated)	17,000

Onslow County was formed in 1734, from New Hanover County, and was named for Sir Arthur Onslow who was speaker of the House of Commons in the British Parliament.

The first Court House for Onslow County is believed to have been located at Court House Bay, six miles from the mouth of New River. The second County Seat and Court House were on Northeast Branch about twenty miles from the mouth of New River where the U. S. Marine Corps Officers Quarters at Paradise Point, Camp Lejeune, are now located.

The third Court House location at Johnstown, named for Royal Governor Gabriel Jamestown, was about 14 miles from the mouth of New River. The town failed to grow and most of the buildings were destroyed by a hurricane in 1752.

The fourth and present site of the Onslow County Court House was named "Wantland Ferry" for James Wantland, who in 1756, donated an acre of land "convenient to many" for the Court House. Four edifices preceded the present structure erected in 1904, and remodeled in 1951.

Records in the Register of Deeds Office at the Onslow County Court House date back to 1713.

President George Washington passed through Onslow County on his southern tour in 1791, enroute to Wilmington. He took breakfast at "Everetts" near Richlands, had dinner at Captain James Foy's at Rick's Run and spent the night at "Sage's Ordinary," in the southern part of Onslow County. President Washington wrote in his diary about this part of his trip.

Two Governors of North Carolina may be claimed by Onslow County.

Edward B. Dudley, elected from New Hanover County, the first Governor elected by the direct vote of the people served two terms from 1836 to 1841. He was born and reared in Onslow County.

Governor Daniel C. Russell, born in Brunswick County, was the son of two Onslow County natives and spent his childhood at the home of his grandfather, David W. Sander, a member of the Council of State. Governor Russell served from 1897 to 1901.

New River, despite its name, is known to be the mouth of one of the oldest rivers in America. It is the only large river in North Carolina with headwaters and mouth in the same county, Onslow, and it is one of the few rivers of any size in the United States which flows almost due South. Its three forks are also unusual in that they bring little water in to feed the main stream. Another peculiarity is that it seems to be all mouth and nothing much more, the estuary is about 20 miles long and in places three to five miles wide.

Wars have seriously affected the New River Region through their early history.

After the Indian Wars, Spanish Buccaneers and Pirates beset the region. During the Spanish invasion in the 1740's, prisoners were brought into the Onslow County Section through Bear Inlet.

Militia men were trained for the French and Indian War, and for the Revolutionary conflict inthe New River Area.

Onslow County residents had courageous parts in the fight for freedom and independence.

Within two years after the creation of the U. S. Marine Corps, Marines were on duty in the coastal area, being assigned to the privateer Sturdy Beggar of New Bern in 1777. They sailed against two English rigs which had arrived within the Bar on the Carolina seashore and captured several vessels.

In 1941, at the outbreak of World War II, the area around Jacksonville was again the scene of U. S. Marines on duty. Camp Lejeune was originated and named for the famous General Lejeune. Camp Lejeune is one of the world's largest amphibious training bases, covering an area of 173.8 square miles. Camp Lejeune starts a mile from the center of Jacksonville and extends to the Atlantic Ocean. The Base is a city in itself and is completely self sufficient. It has its own power plant, garbage and disposal plant, water treatment plant. Its buildings which number in excess of 400, are permanent structures of steel, brick and concrete. It is beautifully landscaped with azaleas and native flowers. Camp Lejeune offers its visitors an unparalleled view of America's defense strength in its natural scenic beauty.

AN IDEAL PLACE TO LIVE

Jacksonville can be your home while you hunt and fish in the beautiful forests, rivers, creeks and ocean that are in and border Onslow County. In our forests and plains there are bear, deer, quail, rabbit, wild turkey, duck, geese and many other game birds and animals to be found.

The City is situated on beautiful New River, which has been known by many generations as fresh water fisherman's paradise. The great game hunting reserve known as Hoffman Forest covers 80,000 acres and almost reaches the City. U. S. 17 (Ocean Hiway) runs through Jacksonville.

In New River and its creeks, and in the Atlantic Ocean, a veritable treasurer of thrills and surprises await the angler with the multitude and assortment of fish to be caught—bass, perch, trout, blues, sheephead, mullet, etc.

There are over ten miles of sand beach bordering the Atlantic Ocean, within easy driving distance from Jacksonville.

The city has its own recreation building which operates daily programs. There is a beautifully equipped USO Club serving the off-the-base needs of the many Marines based at Camp Lejeune.

In addition, there are six modern indoor theatres and also four drive-in theatres in the area. Jacksonville also has a modern country club with a golf course and swimming pool which was completed during 1956.

The new Albert J. Ellis Airport was opened February 15, 1971. The runway is 5200 feet long, capable of being extended to 8,100 feet. Regulation lights, electrical building and radio equipment. The airport is serviced by Piedmont Airlines with three northbound and three southbound flights daily.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We'll build another CP&L by 1978.

We'll build another electric system the size of our present one by 1978.

The reason? To keep ahead of the demand for electric power, which has been doubling about every six years in our area.

Because of electricity's important role in our daily lives and in helping solve many of man's greatest problems — in environment, medicine and education to name a few — we must build and expand.

We have a commitment to you. And we are working hard to keep it.

CAUTION . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

WHY A BUYERS' GUIDE?
—IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

Out of Sight--Out of Mind
Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

*

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory Information . . . EXTENDED ★

JACKSONVILLE

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES

1973

Star ★ Preceding Name Indicates NEW HOUSEHOLDER This Edition.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⊚ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Star appearing between street number and name of occupant denotes new householder this edition.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

WHY A BUYERS' GUIDE?
—IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

A MAGAZINE OF YOUR OWN

- keeps you in touch with customers and prospects
- wins high readership
- builds good will
- generates sales

If you market your product or service nationally, why not investigate the many advantages of a consumer magazine to provide a continuing contact with your prospects and customers? There's no better medium for building sales volume, retaining customer good will and converting prospects to customers.

Polk's Marketing Services Division can recommend the best type of magazine for you and handle all phases of its publication—the creative, editing, printing, dealer imprinting, list compilation, addressing and mailing operations.

Let us show you what magazines have accomplished for other clients and what your own magazine can do for you.

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

"A Real Necessity in Every Office"--The City Directory

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
